We will be considering the issues of convergence of security controls and the human factors and the requirement for resilience and an integrated security architecture. Speakers are drawn from Academia, Industry and Government to trigger our ideas and support our deliberations.

Association members will receive professional certification points for attendance. This year will be a mixture of speakers and panels with an emphasis on planning and interaction in discussion groups. Subject to numbers participants can move between sessions.

The Seminar program will be emailed out and posted on Association websites when finalised.

RSVP for seminar and/or reception will close at mid-day 3 November.

Acceptances to Wendy Green at Thales Australia by E-mail wendy.green@thalesgroup.com.au . Wendy can enter your registration for the ASIS SAGE event.

Limited places available 90 for the seminar and 100 for the reception **(note; last year the seminar was booked out a week in advance. Please specifically advise if you wish to attend one or both functions)**
